MOO CHUU

Why we started Ideas

Turning wasted unused material into something valuable once again.

Our story is driven by our dream, knowledge and passion to bring about greater changes.

Initially, the owners of MOO CHUU has always work closely with many partners within Thailand pvc industry. We have seen that there are all kinds of left over materials from our local car upholstery and furniture factories. Rather than letting those materials go to wasted, we have researched and established ways to generate maximum value from those materials. Hence forth, the sandals brand MOO CHUU was born from making great use of recycled materials.

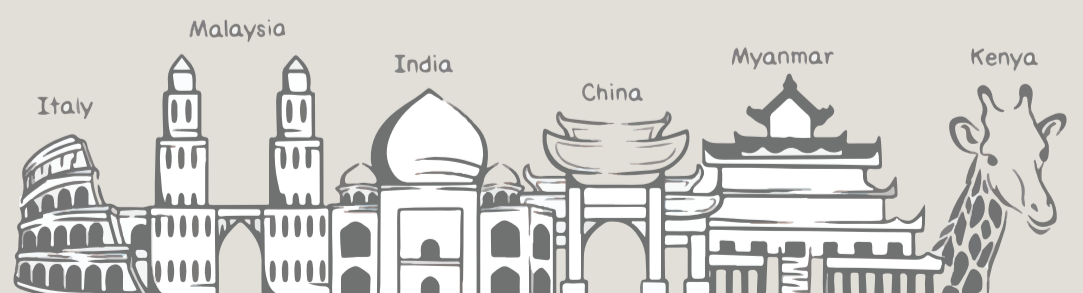

started business in 2014 in Thailand

Our customers may design their own styles and make their own combination of sole and strap colors , They can adjust the strap size making they feel like MOO CHUU sandals is something truly special.

MOO CHUU is not just a shoe, we want to be part of our customer's memorable trip. when they step to MOO CHUU shop, they will have fun activities matching the same colors with their love one.

MOO CHUU has also has subsidiaries in other countries Such as Italy, India, China, Malaysia Myanmar and Kenya
